INTRODUCTION

La médaille de Sainte-Hélène (1) a été créée le 12 août 1857 par Napoléon III. en exécution des volontés testamentaires de Napoléon Ier. Cette décoration devait récompenser ses "compagnons de gloire" qui avaient pris part aux campagnes de la République et de l'Empire, de 1792 à 1815. Dès le 20 février 1858 paraît, au "Moniteur Belge", une première liste des Belges autorisés à la porter. Treize mille cinq cents Belges environ devinrent titulaires de cette distinction honorifique. Le brevet l'accompagnant est rédigé de la manière suivante : "Médaille de Sainte-Hélène /Instituée par S.M. Napoléon III /Napoléon Ier / A ses compagnons de gloire. Sa dernière pensée! / Sainte-Hélène, 5 mai 1821. / Le Grand Chancelier de l'Ordre Impérial de la Légion d'Honneur. certifie que / M... / ayant servi durant la période de 1792 à 1815 a reçu la Médaille de Sainte-Hélène./ (signé) Duc de Plaisance / Inscrit à la Grande Chancellerie N°...". La Médaille, en bronze, est surmontée d'une couronne Impériale et entourée de lauriers. L'avvers porte l'effigie de Napoléon Ier; le revers, sur le tour : "Campagnes de 1792 à 1815". et au centre: "A/ses/compagnons/de gloire/sa dernière pensée/Sainte-Hélène/5 mai/1821". Le ruban est vert et rouge en bandes alternées (2).

Le fonds, bien que très incomplet, représente tout ce qui reste comme archives concernant cette décoration. En effet, les archives françaises ont disparu dans l'incendie du Palais de la Légion d'Honneur en 1871 (3). Il ne comprend que trois mille six cent trente-quatre noms alors que quelque treize mille cinq cents Belges reçurent la Médaille. La plupart des documents sont des arrêtés royaux autorisant les récipiendaires à la porter, et des listes, établies par communes, d'anciens soldats sollicitant cette autorisation ou la Médaille elle-même. Dans la mesure où ces documents les renseignent, nous avons précisé les lieux et date de naissance, la profession et le domicile. On trouvera également quelques états de services et quelques brevets de la Médaille. Le classement est alphabétique. Les particules ont été rejetées. Nous avons respecté strictement l'orthographe des noms et prénoms. On lira: 1 : nom; 2 : prénoms ; 3 : lieu de naissance ; 4 : date de naissance ; 5 : profession; 6 : domicile; 7 : numéro du document.
